

CopyRobin Rates Corporate Bundle 2025

For a CopyRobin Corporate bundle, you pay £10,080.00. Within this bundle, you receive 480 credits at £21.00 each. This saves you £1,200.00 compared to a Business bundle. Your credits remain valid for 12 months.

Two factors determine the number of credits (and thus the price) per text:

1. Length of the text

400, 800, 1200 words, etc. These are increments of 400 words (approximately one A4 page).

The actual length can fall between a block's upper and lower bounds.

So, 800 words mean a length somewhere between 401 and 800 words.

2. Level of AI usage

AI-powered:

The writer uses AI to write the text but manually fact-checks and humanises the content.

AI-assisted:

The writer uses AI for the basis of the text but manually fact-checks and humanises the content. They also pay extra attention to creativity, research (supplied) sources, and conduct a short (around 15-minute) telephone interview.

100% human:

The text is 100% written by a human copywriter who finds and researches sources, conducts a longer (around 30-minute) telephone interview, or writes based on their substantive expertise.

You pay the price per credit associated with your bundle for extra credits.
