

CopyRobin Rates One-off account 2023

You can place one-off jobs at CopyRobin. You are not tied to a subscription, and you can buy exactly the right amount of credits for your order.

We use tiered discounts for the price per credit. The more credits you purchase, the lower the price per credit. You will find the tiers and some example calculations below.

Two factors determine the number of credits (and therefore the price) per text:

1. Length of the text

400, 800, 1200 words etc. So these are steps of 400 words (about 1 A4). The actual length can be between the lower and upper limits of such a block. So 800 words correspond with a length somewhere between 401 and 800 words.

2. Degree of AI usage

AI-powered:

The writer uses AI for composing the text but manually fact-checks and humanises the text.

AI-assisted:

The writer uses AI for the basis of the text but manually fact-checks and humanises the text. Additionally, they pay extra attention to creativity, research (provided) sources and conduct a brief (about 15 minutes) telephone interview.

100% human:

The text is 100% written by a human copywriter who finds and researches sources themselves, conducts a longer (about 30 minutes) telephone interview, or writes based on their subject matter expertise.
